**Marian Hallin
Ms Interior Design**

You may have seen Marian Hallin's radiant smile on the society pages of Marbella's most glossy magazines. Stylish, beautiful and well-connected, Marian can be seen at all the best events. Born of Spanish and Swedish parentage, Marian is the perfect blend of Spanish passion, and Swedish efficiency - qualities which spill over into every facet of her life.

Now at the helm of seriously successful interior design business, Charo Hallin, Marian has brought the family business well and truly into the 21st century with a state-of-the-art, loft

style warehouse in Nueva Andalucia. Full of quality contemporary gems, Marian's exacting taste and understanding of trends is evident in every corner of the swish and stylish space.

Whether it is servicing the needs of her demanding, cosmopolitan clientele, zipping around the world to furniture fairs or attending to her beloved family, husband Cedric Wrede, their children Hanna, Michaela and Wihlem or opening her home to friends - something she does with great frequency - Marian's warmth and generosity shine through. Possessed of a wicked sense of humour, Marian lives life to the full, and always remembers those less fortunate with a wide range of charitable initiatives both locally and in India. www.charohallin.com
